M. WEEDMAN DIES AT EIGHTY-THREE

Former Resident of Sample Buried There Thursday. Succumbed to Bright's Disease

The remains of Mr. Miram Weedman, who died in this city Wednesday morning at the home of his son, Mr. John Weedman, and Mrs. Weedman, were laid to rest in the family burying ground at Sample, his former home, on Thursday.

Mr. Weedman's death was due to Bright's disease, and he had been ill for several months. He was eighty-three years old. Before coming here to live with his son, Mr. Weedman owned a fine farm at Sample and was an active farmer. He is survived by a daughter and four sons, John Weedman, Taylor and Robert Weedman, of Holt, and Joe Weedman, of Indiana.

GARAGE AND REPAIR SHOP REMODELED.

M. Weatherholt to Have Model Garage With Excellent Equipments.

Cloverport is to have a model garage and repair shop within the next thirty days or more. Mr. M. Weatherholt, dealer in Automobile Accessories, is having his storage room on the river front to the rear of J. C. Nolte & Bro's store, remodeled and made into a most creditable looking garage.

The garage, which is 30x24 feet, will have an entrance made of brick, concrete flooring through the entire building, with a splendidly equipped repair shop and a mechanic to do all kinds of automobile repairing. It will be one of the best garages in this section of the state.

HEAVY RAINS DAMAGE PROPERTY IN PATESVILLE.

A very heavy rain fell at Patesville on Thursday afternoon, damaging the corn and tobacco crops along the creek banks, and swelled the creek so that it backed up under L. E. Morris' home. It is stated that this is the first time in years that the creek has risen to such a high stage.

CULLING DEMONSTRATION TO BE HELD IN COUNTY

Poultry Extension Specialist of State College to Demonstrate Three Days in County Aug. 23, 24, and 25.

Culling demonstration of poultry flocks in Breckinridge County will be given August 23-25 by J. R. Smyth, poultry extension specialist in the College of Agriculture. From two to four demonstrations will be given a day and the work will be done in cooperation with the County Agent.

All plans for the culling have been made by the County Agent and the birds will be kept penned one week before the culling and the culled hens are to be kept penned one week after culling. An account is kept of the number of eggs laid by the entire flock before the culling and of the culled hens and the remainder of the flock after the culling. If the culled hens do not prove too costly for the number of eggs they lay they will be put back in the flocks, but if they prove too costly, the poultrymen agree to send them to market and to give all feed and attention to the hens that are paying for their keep.

Mr. Smyth will explain the work of culling as he proceeds and the poultrymen and all who see the demonstration will be able to cull their own flocks in the future.

The public is invited to attend the demonstrations. They will be held as follows:

August 23, 2 p. m. in McQuady.
August 24, 8 a. m., in Kingswood.
August 24, 10 a. m. in West View.
August 24, 2 p. m. in McDaniels.
August 25, in Irvington.

END COMES FOR MRS. J. M. HERNDON

Mother of Breckinridge Co.'s First War Hero; Member Prominent Family of Brandenburg.

CLOVERPORT AND HARDINSBURG GAIN IN CENSUS

Irvington Lost 10—Stephensburg Gained; Cloverport Has Population of 1,509.

Cloverport's population by the 1920 census is given as 1,509 an increase of 106 over 1910 census and a falling off of 147 since 1900. The census report for this city, Hardinsburg, Irvington and Stephensport was revealed in the Courier-Journal, Sunday, Aug. 8, by the Washington Bureau and gave it thus:

"Cloverport, Breckinridge county, shows an increase of 106 between 1910 and 1920. Its population by 1920 census is given as 1,509, compared with 1,403 in 1910 and 1,656 in 1900. "Hardinsburg, Breckinridge county 810, compared with 737 and 689. "Irvington, Breckinridge county, 655 compared with 665 and 285. "Stephensburg, Breckinridge county 214, compared with 205 and 241."

disease for several months. In the early Spring, Mrs. Herndon was under treatment at St. Joseph's Infirmary in Louisville, where she was in a precarious condition for days, and only recovered sufficiently to return home.

The funeral will be held Thursday afternoon at 2 o'clock in the Methodist church at Irvington and the remains will be interred in the Cedar Hill cemetery.

Mrs. Herndon was born and reared in Brandenburg, and the daughter of the late James Lewis, a prominent family of Meade county. She was about 48 years old and a member of the Irvington Methodist church since girlhood. Mrs. Herndon had been married twenty-five years and was the mother of Lewis Washington Herndon, Breckinridge county's first hero who gave his life in the World War.

Grief over the loss of this son, her first child, is believed to have hastened the end. She was a devoted mother and a very loveable woman.

Besides her husband, Mrs. Herndon is survived by two other sons, Fairleigh and Jesse, Jr., four sisters, Mrs. George Woolfork, of Pottsville, Pa., Mrs. Jesse Malin, of Lexington, Mrs. Will Ashcraft, of Brandenburg and S. P. Parks, of Irvington. Two brothers, Den Lewis, of Louisville, and Lawrence, of Mississippi.

SPECIAL EQUIPMENT AND SPECIAL RATES ON R. R. FOR MASONIC PICNIC H'BURG.

There will be sufficient equipment on all trains between Brandenburg and Hawesville on main line of L. H. & St. L. R. R., and between Irvington and Fordsville on Branch line, to accommodate the crowds who wish to attend the Masonic picnic in Hardinsburg, Saturday, Aug. 21.

The special rate will be one and one-half the regular fare for the round trip.

SUMMER CONFERENCE A SUCCESS

64 Representatives Boys and Girls From County Attend, Respond Readily to Work.

The response that the young people of Breckinridge county gave to the work of the older Boys and Girls Summer Conference held here last week, has not been excelled by any place was the statement of Miss Howard, the Young People's Worker of the Kentucky Sunday School Association, who met with the Conference. Miss Howard has been meeting with similar conferences in several different States this summer and she was particularly gratified with this one.

The delegates to the Conference arrived in Cloverport, Wednesday afternoon. There were sixty-four who registered, besides several who came Thursday.

The first session on Wednesday afternoon was consumed in organizing the Conference electing new officers, and talks from Miss Howard, Miss Louise Weatherholt and Rev. T. N. Williams.

The new officers elected were: Byron DeJarnette, Hardinsburg, president of Boys Conference and Miss Laura Mell Stith, Pewleyville, president of Girls Conference; Fairleigh Herndon, Irvington, vice president of B. C. and Miss Mary Keil, Cloverport vice president of G. C.; Ben Wilson, Hardinsburg, secretary and treasurer of B. C. and Miss Virginia Bandy, secretary and treasurer of G. C.

Prof. J. W. Kirk, of Irvington was appointed Superintendent of Young People's work, to succeed Miss Mildred D. Babbage, who was elected at the County Sunday School Convention held in Cloverport in July.

The audience gave Mrs. David B. Phelps, of Cloverport, the Conference clap in recognition of her efficient service in arranging the program and

M. V. PATE KILLED BY LIGHTNING

Brother of H. C. Pate, of This City Found Dead in a Barn at Son's Home near Hawesville.

Mr. Milton V. Pate, who was nearly 70 years old, was found dead in the barn at the home of his son, George Pate, of near Hawesville, Saturday afternoon at 6 o'clock. It is the belief of his son that Mr. Pate was struck dead by lightning.

The remains were brought here Monday morning and interred in the family lot at Taul's graveyard near Cloverport.

Mr. Pate was the eldest brother of Mr. Henry Clay Pate, of this city, who survives with several other brothers, and four sons of the deceased, George, Frank, Owen and Henry Pate all of whom reside in Breckinridge county except Mr. George Pate, who recently bought a farm in Hancock and his father resided with him. Mr. Pate was a native of this county.

Important Announcement!

THE BANK OF HARDINSBURG & TRUST CO., announces to its patrons, friends and the public that commencing with August the first, 1920, interest at the rate of four per cent, per annum, is paid on all time deposits and will continue to be thus paid so long as good, commercial paper yields the present high rate of interest.

This important step is taken by its Board of Directors, after mature consideration, giving expression to the policy of this Bank, which has always obtained in its management, to be as liberal with its patrons in a division of its earnings, after deducting all legitimate expenses of operation, as is consistent with sound banking principles. Furthermore this Bank has always jealously guarded the

interests of its patrons, in that it is its policy, and it thinks and it believes that such is deserved by its patrons that they shall fare equally as well as the patrons of any bank, no matter where located. But recently many leading banks of this State, and of sister states have announced the payment of four per cent, per annum, on time deposits—our patrons shall likewise be paid that rate of interest.

It is the sincere hope, wish and desire of this bank that the high rates of interest shall continue thus insuring its ability to continue indefinitely this interest payment on time deposits, and, its patrons are assured, even a higher rate, if conditions shall justify.

The confidence of the people in this Institution is declared in the indisputable fact that its combined assets (banking and trust) close it to be largely the biggest bank and trust company of the county. It is the oldest trust company in the county. The management of the institution, present and future, as in the past, shall be along those same lines, policies and principles, which in the past, invited the absolute confidence of the public in it, and which is now continued, and which will be continued, as attested by the liberal patronage of the public.

The payment of four per cent, per annum, upon all deposits, insures to our patrons, an investment of their money, free from all ordinary hazards incidental to lending money as an investment, yielding to each of them, four per cent, net, free from all taxes, because the bank pays the taxes on all money deposited with it, and such tax payments are not charged to our customers, directly or indirectly.

JOE A. WEST
Kirk, Ky.**DEMOCRATIC NATIONAL CHAIRMAN REVEALS PLANS AND PROSPECTS**

George White, head of the Democratic National Committee, gave out the following statement of his plans and of the Democratic prospects as he sees them to a reporter soon after he was chosen:

"The campaign will determine whether the country wishes to return from progressive, forward-looking principles of government to a reactionary regime."

"Governor Cox came on the field of public life in 1908, when the country started to go forward in thought and action. He was a member of Congress in 1910, when the country showed its disapproval and lack of confidence in Republican leadership by returning a strongly Democratic house. In 1912 the people of Ohio chose him as governor, putting on his shoulders the heavy responsibility of enacting into statutory law the provisions of the new constitution."

"The Republicans as represented by both branches of the legislature opposed a great part of this legislation. It has been particularly advantageous to Ohio. The people believe in Cox. They know his value, and I as chairman of the Democratic national committee, intend that what Ohio knows shall be made known to every state, city, town, village, crossroads and cottage in America."

"The Republicans have criticised the Democratic war congress. Their criticism will have no effect, because they have been in power two years and have accomplished nothing. The people know that they can trust Cox. It is his proud record that every promise he made in Ohio has been lived up to after his election."

"Americans can know what to expect if they elect Cox because, as he has said, 'The platform adopted at

San Francisco is a promissory note that must be paid in full.' This is no idle phrase. It means that, as far as it is humanly possible, every promise made in the platform shall be kept. Can the Republicans say as much? They promised that a Republican congress of business men would relieve the country of the burdensome burden of tax bills. We shall sharply attack them for their failure to make good. We shall attack the party for not dotting an 'i' or crossing a 't' in revenue bills which they had so bitterly criticised, for what they have not done to the excess profits tax, which admittedly contributes to the high cost of living. This tax was passed under conditions and approved by the Republican ways and means committee and later by the Republican congress. It should have been repealed by the present congress, but it has failed to do so."

"I do not believe that the independent vote of the country, which will be a controlling factor in this election, will support a party that looks at the hole and not at the doughnut. I believe that the workmen of the country will realize that President Wilson's new freedom is reflected in their conditions as to wages and living; that they do not hold their jobs, nor does their pay depend on the alleged benefit of the high protective tariff."

"Our progressive platform is built upon a new order of things while the Republican platform gracefully dodges all progressive legislation."

"As chairman I am going to have the assistance of the whole Democracy to place these facts squarely before the people. Our party is united. We are all working together. We have the modern thought of the day behind us, and we expect to win a glorious election in November."

AGENTS FOR "WATER-LOO BOY" TRACTOR.

Fordsville Planning Mill Co. Receives Shipment From John Deere Plow Co.

The Fordsville Planning Mill Company, of Fordsville, has lately received the contract as agent for the "Waterloo Boy" tractor manufactured by the John Deere Plow Company, Waterloo, Iowa. Mr. G. A. Craig, traveling representative of the Planning Mill, was in this city Saturday and in speaking of the "Waterloo Boy" tractor he stated it appealed to the farmers most because of its simple mechanical operations. "The farmer isn't naturally a mechanic," he remarked, "so he likes this tractor particularly for that as well as many other reasons."

Before deciding on what tractor to be an agent for, Mr. Wilson, manager of the Fordsville Planning Mill Company sent Mr. Craig to Illinois to observe which tractor was favored among the farmers of that State and he found the "Waterloo Boy" extensively used.

CHRISTENED IN MIDAIR

"Union" Baby on Girders Fourteen Stories From Street.

New Orleans, Fourteen stories from the street, on slender girder of steel Ole Peterson, structural iron worker, held his five months old son Reese, performed a christening ceremony. Fifty members of Iron Workers Union No. 58 were named godfathers. They occupied positions on nearby girders. Below the christening party there were no floors, and through the network of steel could be glimpsed the concrete basement. The baby apparently was bored.

Members of the union had suggested that it would be appropriate to have the child of a structural iron worker christened while his father was "on the job." The mother gave her consent, details were arranged, and the child formally came into possession of the name of Weed L. Peterson.

ARMY HAD 202,561 MEN ON JULY 2

Washington, Aug. 2—On July 2, the strength of the United States Army was 202,561, including 15,384 commissioned officers and 187,197 enlisted men.

Of the officers 8221 held commissions in the regular establishment and 6766 held emergency commissions, while 377 were emergency men undergoing physical reconditioning.

The Army Reorganization act places the number of enlisted men at not to exceed 280,000, including Philippine scouts, and the authorized strength at 17,698.

On this basis the Army is now short 2334 officers and 92,801 enlisted men. In the near future a large number of new commissions will be issued for the regular service.

BOYS LEAD IN SCHOOL CENSUS IN COUNTRY AND GIRLS IN CITIES IN KY.

Frankfort, Ky., Aug. 3.—The scholastic population of Kentucky, compiled today from census returns, is 642,221. This enumeration embraces all youths between the ages of 6 and 18 inclusive.

Of the total number, 502,523 reside in small towns and the country, and 139,691 in cities of the first four classes, and 582,068 are white and 60,453 colored. There are 296,088 white boys and 285,080 white girls, and 29,936 colored boys and 30,217 colored girls.

The summary reveals the fact that the boys continue to lead in the school census in the country and girls in the cities. Infant mortality, rather than economic conditions, is supposed to govern the proportion of the sexes attaining school age. The only theory advanced by school men is that a larger percentage of baby girls succumb to the less favorable conditions of rural life.

PREVENTION OF "FLAT-SOUR" IN CANNING VEGETABLES.

Canned corn, peas, beans, and asparagus may show no signs of spoilage to the eye, and still when opened may have a sour taste and a disagreeable odor. This trouble is known to the canner as "flat-sour," and can be avoided. United States Department of Agriculture canning specialists say, if the canner will use vegetables that have been gathered not more than five or six hours, blanch, cold-dip, pack one jar at a time and place each jar in the canner as it is packed. The first jar in will not be affected by the extra cooking. When the steam-pressure canner is used, the jars or cans may be placed in position but not clamped down until the retort is filled. Rapid cooling prevents overcooking, clarifies the liquid, and preserves the shape and texture.

MILLINERY TO DROP IN PRICE, TRADE SAY.

Will Be Lowest in Years, Is Fashion Show World.

New York City, Aug. 4—The gowns and hats worn by the models at the fall fashion show of the Retail Millinery Association of America, held last night at the Hotel Astor, made the slim ones look pleasingly plump and the fat ones look delightfully swell, as it were. Then there were other models who were neither too slim nor too fat, but who looked absolutely all right in the fall fashions. The association is conducting a national educational campaign among women to show that any figure dressed carefully may be made to look attractive.

With the show came the tidings that hats are going to be cheaper this fall than for several years. Dealers from every part of the country attended the show last night and they were generally jubilant over the prospects for lower prices for the rats which ordinarily are quite beyond the reach of the average purse.

There were some hats from Paris, but those designed in this city were said by experts to be just as wonderful as the foreign creations. Most of the hats were designed by three young women, who, it was said officially last night, draw salaries of \$40,000, \$60,000 and \$100,000 a year, and who live in small towns of Missouri, Indiana and Ohio as late as three years ago.

DAVIESS CO. FAIR OPENS SEPT. 6

More Than \$5,000 to be Given Running and Harness Horses to Have 30 Piece Military Band.

Owensboro, Ky., Aug. 9. (Special)—The gates of the Daviess County Fair and Exposition will open on Labor Day, Sept. 6, and continue for six days and nights. The program offered this year is one of exceptional merit. More than \$5,000 will be given to the running and harness horses. The Owensboro Derby on Labor Day for a purse of \$600 will be the chief running race. There are also two \$300 harness races on the program. There will be three running races and from two to four harness races on the program each day.

A special feature will be the appearance at the fair of a military band of thirty pieces from the famous First Division, U. S. A., and a detachment of 130 troops, including infantry and artillery and a war exhibit.

There will be motorcycle races every afternoon, and the purses are the highest ever given at a fair in Kentucky. It is expected that many of the crack riders of the country will be here.

Among the premiums offered in the department conducted by the county home demonstration agent and the county agent are four trips to the Kentucky State fair at Louisville. These premiums are in the Boys' Pig Clubs and in the canning and sewing departments.

The fair this year is again under the management of George W. Bales, sheriff of Daviess county, and James H. Pendleton, managing editor of the Owensboro Daily Messenger.

A LESSON FOR GRUMBLERS

"The air is all of a tremble with complaints about the rich," says the Cincinnati Enquirer. "There are so many of them." They have so much money and so on.

The Enquirer has found from statistics that there are only 161,996 people in this whole country who have an annual income of over \$10,000. It gives these surprising figures:

112,000 reporting incomes from \$10,000 to \$25,000.
30,391 reporting incomes from \$25,000 to \$50,000.
12,439 reporting incomes from \$50,000 to \$100,000.
3,302 reporting incomes from \$100,000 to \$150,000.
2,347 reporting incomes from \$150,000 to \$300,000.
559 reporting incomes from \$300,000 to \$500,000.
315 reporting incomes from \$500,000 to \$1,000,000.
141 reporting incomes from a million and over. Total, 161,996.

"According to these figures it would be possible to assemble all the people in this great country of over 100,000,000 souls who have an annual income of over \$10,000 a year into a single city not half the size of Cincinnati. What an inconsiderable fraction of the whole! Why should we worry because of that trifling number of our fellows who have a little more money than they really need? How slight a figure they cut in the rest of our lives! What a trifling difference it would make in our personal conditions if their incomes were shared with the rest of us!"

The International Revenue Bureau has ruled that any person may brew cider and fruit juices for home consumption, providing they are unadulterated, and that they do not necessarily have to contain less than one-half of one per cent of alcohol. You notice it doesn't say anything against giving your thirsty neighbor a jug of sweet cider.

Fifty thousand laborers will be necessary to harvest the crops of Canada this year including the estimated 300,000,000 bushels of wheat crop. Laborers are reported to be flocking there from the United States, while the farmers here are crying for help. And Nature's hills continue to look greenest farthest away.

Millinery is predicted to be cheaper this fall than it has been for several years. But woman will turn in and buy two hats in place of one, so what's the difference?

Cloverport, Hardinsburg and Stephensport seem to be holding their own in population.

At any rate, we can't complain of this having been a dull summer in Cloverport.

One hundred and seventeen more shopping days before Christmas.

Be sure you don't get your picnic dates mixed.

THE LION

In the Northwestern hills of old Kentucky, where grew the tall yellow corn, the golden leaf tobacco, the birds sang lovely songs, and the bees hummed merrily in the beautiful summer time; the roosters crowed early in the morning to wake the sleeping farmers and the hens in the day sang and cackled which meant a well filled egg basket for Saturday, where peace and plenty reigned supreme, lived a family by the name of Jackson. It had once been a very large family but marriage and death had taken away so many that there were only six surviving. This included the father, who was yet a good man at the age of sixty-six, and five boys, who to do them justice, were all on some scale good looking. Roy, who was a volunteer in Uncle Sam's army was the handsomest boy as you would be likely to find; Eli, another, was married and owned one of the best farms for miles around. His wife was considered one of the best cooks in the neighborhood; Bennie, at the time of this writing had taken his spouse and moved to Ohio, and as he bears no particular part in our story, we will say no more about him. Marion and his brother, I. V., had possession of the old home farm and as they were very industrious, kept it going pretty well.

Marion, who was a widower, had built himself a small shack on one side of the farm and taken to it his three children. I. V. occupied the old homestead and was at this time not married. Marion and I. V. farmed on the halves, raised corn, tobacco and things needed for the table. They were at present trying to experiment in dairying with four bony cows and a cream separator.

I have spent so much time in telling about the family that I really haven't written a thing of interest, but now I am going to tell you of a event that happened in this family that I am afraid you will find hard to believe, but just the same it is all true.

One evening about dusk a noise was heard that really sounded like Gabriel was blowing the trumpet, and if it really had been it could not have frightened Marion and I. V. any more. They did not know what to make of it, but they said they believed a lion had escaped from a circus and had his den on a high hill close to their farm called "Jimmy's Knob." For three nights it came out and roared dreadfully and almost made the hair of the Jackson Brothers stand straight up. I. V. said he couldn't stand to stay by himself so he got Marion's little boy to stay with him. Things went on in this manner for several days, and Marion and I. V. said they couldn't stand it any longer, for they said there was no telling when the lion might make a raid on their dairy cattle.

And really one night the brothers believed the lion was chasing one of their best Jersey cows, but got frightened at their fierce bulldog called Frank, and went back in his den on the hill to wait for a better opportunity. But that better opportunity never came for pulling together all the wits they could master up the bro-

Near East Relief

Tula C. Daniel

Breckenridge News: Perhaps your readers, friends of our Near East Relief work will be interested in extracts from a personal letter from the Secretary, Mr. Charles V. Vickery, New York, he says:

"Dear Miss Daniel: I have just returned from a National Conference of Near East Relief Workers at Ocean Grove, where your State Director spoke enthusiastically of the co-operation, she had received from you during the past year.

"I wish very much you could read the reports that came into our office, of what your work has made possible in life-saving service in Near East.

"Our 229 N. E. R. Orphanages housing 34,000 orphans, and aiding over 30,000 others; our 68 hospitals and 128 clinics, our 11 homes sheltering and protecting girls rescued from Moslem harems, bear eloquent tribute to the work you have done.

"I am just leaving for a hurried trip, in behalf of our Executive Committee, to Constantinople and Armenia for Conference with our workers to learn what the conditions and requirements are for the coming winter.

"In behalf of these children we thank you for the life-saving and perhaps Nation-saving work that you have done and are doing. Sincerely yours, C. V. Vickery."

EMPLOYERS

To The Sun and New York Herald: Thanks for your editorial article on Samuel Gompers.

One would think in reading his denunciations of employers generally that we have in this country some sort of preferred class from which employers are chosen. The fact is the employee of to-day may be the employer of to-morrow, if he has the ability and the courage to break out of the rut. Furthermore, if a single man cannot do business on a large scale he can through cooperation create large enterprises.

Why don't Mr. Gompers' followers exact from him intelligent and constructive leadership?

The unions have in some cases large amounts in their treasures; they have skilled workers. Why does Mr. Gompers not show them how to reduce the cost of living by forming cooperative companies that will secure the product of the farm and factory direct and distribute it to the public, thus eliminating one or several middlemen's profits?

Why does Mr. Gompers not establish intelligent education for apprentices?

Why does Mr. Gompers not establish intelligent technical education for worthy members, and thus secure intelligent leadership for the future?

Why does Mr. Gompers not enter the field of manufacturing and distributing business, and show us average deluded, arrogant, inefficient employers how the work should really be done?

I would like to cooperate with real thinking workers. Peter, E. Alliot, Passaic, N. J., August 3.

SERVICE CHART AGAINST CHOLERA.

In its efforts to hold down hog cholera with a reduced force, the United States Department of Agriculture is putting out a new type of poster. In a sense it is a service chart. Its picture says to the farmer, "When your hog looks like this, look out for cholera." The picture of a hog in colors shows the visible symptoms of the disease. There is printed on the poster information as to how to proceed.

HARDIN AND MEADE CO. OFFICIALS REFUSE TO ACCEPT GOVERNMENT ROAD.

Officials of Hardin and Meade counties are dissatisfied with the six miles of new road which the government has built to replace the stretch of the Dixie Highway taken over by the government when it took possession of the reservation of Camp Henry Knox.

County Judges G. W. Rider, Hardin county, and S. L. Morgan, Meade county, following inspection of the new road, announced that they would refuse to accept it and make a formal protest to the commander of Camp Henry Knox.

That evening, Eli, their brother whose farm adjoined theirs, came down and they began to tell him their adventures with the lion. But instead of turning pale, and trembling like a leaf as they expected him, Eli began laughing hard enough to split his side. His brothers looked at him in blank astonishment. "What are you laughing about?" they gasped. And then he told them of hearing the same noise and had come to find it was only a thin board with a string tied to it that the children of the neighborhood had to amuse themselves with and the wind had carried the sound down into the hollow making a terrible noise. So this was the lion they had heard.

Well you should have seen Marion and I. V. They did not know what to do or say. But they did say that we were never to mention the subject of the lion again.

Five Minute Chats on Our Presidents

By JAMES MORGAN

(Copyright, 1920, by James Morgan.)

WILSON AND THE WAR

1917—Feb. 3, President Wilson broke off diplomatic relations with Germany on her renewal of ruthless submarine warfare.

April 2, read his war message to congress.

1918—Jan. 18, laid before the senate his 14 points.

Nov. 11, the armistice signed with the German revolutionary government.

He stood at the clerk's desk in the hall of the house of representatives on the evening of April 2, 1917, President Wilson was the central figure in one of the great moments of world history. Not only his own people but mankind stopped to listen.

The president had been re-elected only five months before because "he kept us out of the war." Alas, the war would not keep out of the United States.

The war took on new fury, with the resumption of ruthless submarine warfare, which Germany had modified the year before at our demand. The president thereupon handed the German ambassador his passport, and next he proposed that we should arm our merchant ships. The filibustering Senate failing to give him this authority, he proceeded himself to arm them. But shipping vanished from the sea, with its hidden terror, and at last he called the newly elected congress in extraordinary session to receive a communication concerning grave matters of national policy.

WHEAT MARKET- ING IN MISSOURI

Farmers Sending This Years' to Elevators Earlier Than Usual and Get High Prices.

Farmers in Missouri are marketing their wheat earlier this year than last. The dry weather has made the country roads as good as it is possible to make them, and wagons laden with the golden grain are moving into every market.

Prices for wheat are even better than last. Wheat growers are taking advantage of the high prices of wheat and the low prices of Liberty Bonds to exchange the best grain on earth for the best investment on earth—bonds issued by the United States Government.

HOW JAPANESE ARE BROUGHT INTO U. S. A.

Secret of "Underground" System Disclosed Route Runs From Yokohama.

Tacoma, Wash. Aug. 2.—Definite location of the "underground system" on the Pacific Coast by which "thousands of Japanese are smuggled into the United States yearly," was announced here today by Congressman Albert Johnson, chairman of the House subcommittee on Immigration and Naturalization, which reassembled here today to investigate Japanese activities in the Northwest.

"Until we came to the Northwest we had only an indefinite idea of the operations by which Japanese are being brought surreptitiously into the United States," said Chairman Johnson. "Now we have the key, so to speak. We have found that the Japanese underground system begins at Yokohama. From thence it leads to Honolulu and extends across the Pacific to Guaymas on the Gulf of California.

"Here, either by water or across the border, the Japanese invaders are smuggled into the United States. A perfect system of escorts has been established in Honolulu and at Guaymas posts have been established which take care of the details of the smuggling. Mexican guards are known to have been bribed with \$10 at the United States-Mexican border.

"Once the Japanese is smuggled into California he is taken in tow by some member of the Japanese Association, branches of which are in Oregon and Washington. He is taken to the bank and his credit established by a substantial deposit.

"Then he goes out into the vineyards or into the agricultural districts and hides for five years. At the expiration of this time he can come out of seclusion. If he is questioned by the Government authorities as to his residence he can quickly establish this by taking the authorities to the bank where five years before he made his first deposit. This establishes his bona fide residence of five years as required by statute."

MAKE THE FOUNDATION SECURE WILSON TO AID IN COX'S DRIVE

He Cannot Take Stump, But Dusts Off White House Typewriter.

Washington, Aug. 3.—President Wilson is preparing to take an active part in the national political campaign it was decided here today when he succeeded in persuading Rear Admiral Cary T. Grayson, his personal physician, to start on a vacation. Dr. Grayson planned to leave Washington without arranging for medical attendance and advice for the President during his absence. It is the first time Dr. Grayson has been out of touch with the White House since last September when the President collapsed during his Western tour.

The President now is in the best condition since he became ill, Dr. Grayson said. It is not believed he is well enough to make any speeches, and the share he is thought to be playing in the campaign will have to do with defence of the League of Nations and the peace treaty.

Gov. Cox, it is expected, will keep in touch with the President by correspondence and through associates. The President will be in a position to give advice to him on international issues. A telegram to Cox of a statement is extended from the White House at the time the Governor delivers his speech of acceptance.

The President is reported by Dr. Grayson to be performing an increasing amount of work at his desk. It is said the famous White House typewriter has been moved from its cloth covering and dusted off. The results, say those who know the Presi-

dent, probably will be campaign material.

FORMER BRECKENRIDGE COUNTIANS MOTOR FROM DETROIT.

THIS MEDICINE HAS CURED THOUSANDS—IT MAY CURE YOU

Mr. L. P. England, reliable citizen of Spartanburg, S. C., makes the following statement: "About twelve years ago I suffered with a severe spell of malaria and afterward was much troubled with rheumatism. I tried many remedies recommended for the rheumatism but failed to get relief amounting to anything. I saw Number 40 For The Blood advertised and purchased a bottle and found so much relief that I have taken several bottles and am well of the rheumatism. I keep Number 40 in the house all the time as I do not wish to be

without it." Number 40 is demanded in blood troubles from any cause. In chronic rheumatism, catarrh, constipation, stomach and liver troubles. Under its use eczema and skin diseases disappear, sore ulcers and boils are caused to heal. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. The best druggist in your neighborhood sells Number 40 but if it happens that he does not send direct to J. C. Mendenhall Medicine Company, Evansville, Indiana, and receive it delivered to you at \$1.25 per bottle, six bottles for \$7.00.

An Addition to Our Line

WATERLOO BOY The Original Kerosene Tractor

In offering to you the Waterloo Boy, the Original Kerosene Burning Tractor, we believe we have selected the most practical, economical and dependable farm tractor on the market.

Points of Merit on Which Our Judgment Is Based:

PAST PERFORMANCE.. The Waterloo Boy has been a success on farms for five years. In no way is it an experiment.

ECONOMICAL.. It is a three plow tractor—most economical and practical size to use—burns kerosene perfectly without destroying lubricating oil. Its special, patented inbuilt manifold converts every drop of kerosene into pure gas—cylinders are not carbonized—spark plugs are not fouled. The perfect burning of kerosene saves the owner of the Waterloo Boy many dollars every year in cost of fuel and care of motor.

POWERFUL.. The two cylinders, with big bore and long stroke, furnish a guaranteed power of 12 H. P. at the draw bar and 25 H. P. at the belt, with ample reserve for emergencies. The Waterloo Boy pulls three plows under almost any field condition. Hyatt roller bearings at all important bearing points conserve full power. Weight of the tractor is sufficient to insure good traction for drive wheels.

SIMPLE.. Every part is easy to get at and easy to adjust or repair. It doesn't require a tractor expert to keep the Waterloo Boy in good working order. The crank case cover, the inspection plate, the upper half of gear case can all be removed for the purpose of inspection or repair—the operator can work from a standing position.

DURABLE.. Its heat-treated steel out gears; its force and sight feed oiling system; its 11 sets of Hyatt Roller bearings at all important bearing points and its simple, powerful two-cylinder motor combined with uniformly high grade construction throughout; result in a tractor that has given and will give many years of dependable and economical service.

FOR ALL FARM WORK.. You can depend upon the Waterloo Boy in all farm power work; up to its high rated capacity. It is just as satisfactory in operating belt machines—threshers, shellers, ensilage cutters, hay balers, etc.—as it is in pulling tractor implements of all kinds.

We Want You to See the Waterloo Boy—Come In the Next Time You Are in Town

ELIMINATION OF TOBACCO CROP OF 1921 IS APPROVED

Burley Growers to Take Decisive Action At Lexington August 18.

Lexington, Ky., Aug. 5.—Approval of a plan to "cut-out" the 1921 Burley crop and taking of initial steps toward organization of the Burley Tobacco Growers' Association marked the meeting yesterday of unofficial delegates from twenty-eight counties of Kentucky, Indiana and Ohio. Only six votes were cast against the plan to raise a crop next year, and the vote was made unanimous.

Mass meeting will be held in every county in the Burley belt to be held at 1:30 o'clock, August 14, when delegates will be elected to a convention in Lexington, August 18, at which it will be decided whether the 50,000 farmers who produce 300,000,000 pounds of tobacco annually will plant other crops in its place next year.

John W. Newman, Versailles, former Commissioner of Agriculture, fathered the project to form a "non-profit-sharing organization organized along educational and co-operative lines." He opposed the "cut-out," con-

tending that the remedy lies largely in improvement of the grade of tobacco and elimination of surplus of poorer grades.

Mr. Newman was made chairman of the temporary organization with authority to appoint a committee of five to draft a charter and by-laws to present to the next meeting at Lexington, August 18, for ratification and election of officers.

T. B. Hill, Montgomery county, offered the resolution introducing the "cut-out" of the 1921 crop. Z. T. Amerson, Georgetown, opposing the movement, declared that an attempt to force elimination of a crop next year would bring a repetition of the "night rider" troubles and possible bloodshed.

WELL AND HAPPY WOMAN, SHE SAYS

Was All Run Down and Worn Out When She Began Taking Tanlac.

"I have taken only two bottles of Tanlac, but it is just wonderful how it has built me up," said Mrs. Bertha Grimes, of 1520 Portland Ave., Louisville, Ky., while recently telling a Tanlac Representative of her recovery after taking the medicine.

"I was in a miserable, run-down condition," Mrs. Grimes continued, "and I had been that way for six months before I started taking Tanlac. I was so weak I could not do my housework and I honestly believe my little six-year-old boy was stronger than I was. My appetite was poor and although I ate seemed to do me more harm than good. Nearly all the time I had a pain in my side and if I started to even sweep the floor I would give completely out. I was troubled a great deal with constipation and had to be taking laxatives every few days. I hardly knew what it was to get a good night's sleep and I got up feeling worn-out every morning."

"A friend of my husband's told him about Tanlac and one night he brought me some home. And now I am happy to say that things are entirely different and life is again worth living. My appetite is just fine and although I eat three good meals every day I still feel hungry. Everything I eat agrees with me and is fast giving me back my lost strength and energy. The pain in my side has disappeared and I am no longer troubled with constipation. For the first time in six months I know what it is to get a good night's rest and sleep and I get up of mornings feeling so strong that it is no trouble for me to do my house-work. It is just wonderful what a great change has come over me and Tanlac deserves credit for it all."

Tanlac is sold in Cloverport by Wedding's Drug Store, in Kirk by Mattingly Bros., in Addison, by L. D. Addison, and in Ammons by Wm. H. Dutschke.—Advertisement.

LETTERS WE APPRECIATE

Mrs. Otto G. Walz.

Mr. John D. Babbage. Dear Sir: Find enclosed check for \$1.50 for which please send me The Breckinridge News for one year. Best wishes. Mrs. Otto G. Walz, Douglas, Wyoming.

Mrs. C. H. Kabrick

Mr. Babbage: I enclose you money order for \$2.00, for which please renew my subscription to The Breckinridge News for another year.

Mr. Kabrick and I have charge of a large colony farm. We are situated on a high hill from Madison, Ind.

From our house we have one of the most beautiful scenes on the Ohio river, To the East we can see the large building of the Cragmont Hospital at Madison; to the South is the beautiful valley scene of Kentucky and Indiana and the Horse Shoe Bend of the river. Beautiful hills with green forests, and the large trees look like small bushes from such a distance. On West and North, we have what is called "Devil's Backbone" and wonderful Clifty Falls. This is noted for its wonderful scenery. In Clifty Falls there is a tunnel 3-4 miles long and is large enough at one end for a steam engine to go in and so small at the other end that only one person can get through. Two miles from this is high water falls over a high rock 500 feet high. About 200 feet from top of this rock there is a small space about 2 feet wide for travelers to walk on which is about 300 feet around hill and water falls. If a traveler walking over this small space should happen to make a mis-step and fall, would come down many hundred feet before landing on soil, which would mean almost instant death.

Thanking you for being so prompt

in sending me the News, which is like

a letter from my home country.

Address, Mrs. C. H. Kabrick, North

HASWELL WINS IN FOURTH DISTRICT

Runs Close Margin With Duncan; Carried Breckinridge by 748 With 2 Precincts Out.

Returns Monday evening from the Congressional primary in the Fourth District last Saturday made certain the nomination of Judge John P. Haswell, Jr., of Hardinsburg as Republican candidate for Congress over Marshall Duncan, his nearest opponent, of Springfield, by approximately. Judge Haswell carried his own county, Breckinridge by 748, with two precincts missing. He led Grayson by 500; Hardin, 150; Marion, 22; Meade, 125; and Ohio, 125, a total of 1,670 votes. Duncan had a total of 955, and Hays less than 400. Haswell's majority was 715 votes.

Duncan led his home county, Washington, by 645. He carried Bullitt, Green, Hart, Larue and Taylor counties.

CAN FINISH DAM IF RIVER REMAINS LOW.

Evansville, Ind., Aug. 6.—"Dam and lock 48 at Henderson could be finished this year if this river would only stay low," C. B. Enlow, receiver for the Ohio River Contract company said yesterday.

Col. J. W. Walker, Col. G. M. Hoffman and Lt.-Col. G. L. Lukesh will inspect the work for the government today. Col. Walker is chief engineer of all the government work in the Ohio River, and has headquarters at Cincinnati.

The Mac-Arthur-Hanger company is building the dam and lock for Mr. Enlow, receiver. Two hundred and fifty men are being worked in day and night shifts. A coffee dam has been laid and water is being pumped out.

INVESTMENT—NOT EXPENSE.

Why is it that so many gent's Charge Advertising to Expense When Advertising foots their Bill When Advertising fills their Titles When Advertising is the thing That makes the Profit Coffers Ring? It brings in Orders—paves the way For Comforts when the Rainy Day Hard Hits the Poor and Helpless Greek Whose big old boat has sprung a leak, Because he hasn't Advertised, Because he hasn't realized That Competition sometimes slips Up from behind on sleepy ships And rams their hulls before they know Just why they're treated so. You bet the guy who's good and wise Will go ahead and advertise When he as takin' in the Coin, Then Advertising girds his loin With one of those Aladdin Belts That save a lot o' sellers' Pelts. —D. & W. "UNCLE" JOHN CRITCHLOW DIES OF COMPLICATIONS.

Yellow Lake, Aug. 10. (Special)—"Uncle" John Critchlow, one of the oldest citizens of this community, departed this life Aug. 6, of complications of diseases. He had reached the advanced age of 77 and had many warm friends.

The funeral took place from the family residence Sunday afternoon and was conducted by Rev. Galloway. His remains were laid to rest in the family cemetery near his home in the presence of a large assembly of friends and relatives.

HUNT TREASURE IN SEA

Divers Search Bottom of Ocean Near Savannah.

If there is any hidden treasure lying on the bottom of the ocean near Paris Island, and legend says there is, United States marine searchers have given up hopes of finding it.

Bell-divers of the marine corps are operating off the coast of the island in an attempt to salvage boxes, metal and odds and ends of cargoes lost overboard from vessels during the last few years. This is a side line for the marines, who so far have been satisfied with patrolling the land, sea and air, and have never gone in for deep-sea diving.

Negro residents in the vicinity of Savannah, have faith in an old-time myth that there is hidden treasure on or near the island, supposed to have been left by Jean La Flite, the pirate, on one of his coastwise wanderings. The marines say the legend won't hold water.

Plague Suspects in Galveston.

Galveston, Aug. 4.—Two cases under observation of surgeons of the United States Public Health Service here are believed to be bubonic plague. The diagnosis of the cases has not been completed, but should they be confirmed as genuine plague cases they would bring the total number in Galveston up to seven.

SUMMER CONFERENCE A SUCCESS

(Continued From Page 1)

providing entertainment for the delegates.

On Wednesday evening the delegates enjoyed the moonlight barge party and the supper on the rocks.

Thursday's Session

The morning session on Thursday was held in the Baptist church, with Miss Laura Mell Stith presiding. Discussions were heard from members of the Conference on the various phases of young people's work in the Sunday School.

On Thursday afternoon, the closing meeting in the Presbyterian church was very inspirational. The Conference members formed resolutions which were adopted, and in them they graciously thanked the people of Cloverport for their generous hospitality.

One delightful feature of the Conference was the special musical numbers furnished by the young people. Theodore and Revelle Williams, sons of Rev. T. N. Williams, gave several selections on their violins, and the vocal soloists were Misses Louise Hardaway, Laura Mell Stith, Laura Norris Claycomb and Marian Kincheloe. George Piggott, of Irvington, accompanied the soloists on the piano.

List of Delegates

A list of the delegates included:

Hardinsburg—Miss Pauline Moorman, Miss Marian Kincheloe, Miss Alice Meador, Miss Monna Hall, Miss Georgia Haswell, Miss Ruth McCubbin and Miss Lucy Whitworth. Messrs. Otto Fox, Orville Huntsman, Byron DeJarnette and Robert Owen Trent.

EASY WAY TO CLEAN CLOCK

Small Piece of Kerosene-Soaked Wool Placed in Case Will Gather Dust Particles.

When a clock stops it is a mistake to suppose that it must at once be taken to the workshop for repairs. In most cases clocks cease running because of the accumulation of dust particles which clogs the bearings. It is not even needful to take the clock to pieces to clean it if a simple plan is followed which will be found to work very well. Soak a piece of cotton wool in kerosene and place this in a small saucer, a canister lid, or anything similar. Then put this in the case of the clock under the works. Close up, and at the end of 24 hours, examine the cotton wool. It will be found to be covered with black specks; these are the dust particles brought down by the fumes of the kerosene. Wind the clock up and it will start away again. Where the works of the clock are in an enclosed case a few drops of kerosene should be poured through the small hole which is present in the metal covering. Turn the clock about a while so that the kerosene is distributed and after an interval it is extremely likely that the works will commence their normal operations again.—Scientific American.

MEN AWARDED GODLIKE RANK

Two Worshiped in China and Elaborate Temples Erected at the Birthplace of One.

Man worship is still practiced in China, according to Rev. F. S. Burket, a Baptist minister of Changning, who found two disciples of the late Liu, seated on thrones and receiving the obeisance of thousands of their followers.

Liu, who achieved local fame years ago, because of his reputed power of healing diseases and relieving the oppressed in spirit, was executed by the authorities, who feared an uprising. Two of Liu's disciples, Ling Shuk and Lai Sam Shuk, however, like their master, began to heal diseases in his name, and gradually were raised by their followers to the same godlike rank accorded Liu.

Ling Shuk is seventy-one years old and Lai Sam Shuk eight years his junior. Several ornate temples have been built to Liu. At the main one, located at Liu's birthplace about 15 miles from Changning, the missionary found gathered more than 2,000 people to celebrate Liu's birth anniversary. The two immortals were seated on the highest of a series of terraces with an empty throne between them for the spirit of Liu. Before them stood a large table covered with ornamental objects and in front of this the worshippers go through strange gymnastics.

PROMINENT HANCOCK MAN DEAD

Wm. Sterrett, Brother of Mmes. Jarboe and Moorman, This City. Buried in Hawesville.

Mr. William Sterrett, a member of one of the pioneer families of Hancock county, died at his late home near Hawesville, Monday afternoon at 6 o'clock. Mr. Sterrett had been in declining health for a year, and his death was not unexpected. With him at the end were his widow, and daughter, Miss Sue Sterrett, and son, Russell Sterrett, of Hawesville. Surviving with these are one grandchild, Helen Sterrett, two sisters, Mrs. J. C. Jarboe and Mrs. Sallie Moorman, of this city, two brothers, John H. Sterrett, of Skillman, and Frank M. Sterrett, of Charleston, Mo.

Mr. Sterrett was a life long resident of Hancock county, and the son of the late Beard Sterrett. He was 61 years old, a successful farmer, and a member of the Masonic order.

The funeral will be held Wednesday afternoon and the interment in the Hawesville cemetery.

FINDS SOLDIER BROTHER WHOM HE MOURNED AS DEAD.

When Clarence Ray returned from work Friday evening and was on his way home he found his brother, Vernon Ray, whom he mourned as dead for two years, waiting for him at the foot of the town hill. The soldier brother served three years in the late war, and after the first year his name appeared in the casualty list. Not hearing from him any more, he was believed dead by members of his family.

Since his return from overseas, Mr. Ray has been in camp Hancock, Augusta, Georgia, and is here on a two months furlough.

His father resides in Illinois.

School Suits for Boys

The "plans and specifications" upon which we build these clothes call for sturdiness, stoutness, toughness and durability, and we see that they measure up 100% to our demands.

We expect to be able to offer these goods during the entire season—but we feel that our advice to you to buy now will afford you better service in our busheling department—than during the school rush—besides the selections are now very good.

The Prices Are Only

\$10 \$12.50 \$15

In placing the above prices on these good, serviceable suits for boys, of course you understand they cannot possibly be reduced toward midseason. The prices are cut to the bone in the first place—that's the Crutcher & Starks' policy of Standardized Values.
